About us

We created a company to assist businesses in recruiting and overseeing exceptional talent without geographical limitations.

Today, as non-standard employment becomes increasingly prevalent around the globe, Mellow.io is here to help shape this evolving landscape.

4 offices worldwide

150+ employees at Mellow

26 countries they work from

1,500+ businesses supported

800k+ workers we have helped manage

100+ countries covered

Elevate your team

Mellow helps businesses retain top talent and expand their network of freelance professionals. In the past, exclusive talent pools were a luxury mainly reserved for large corporations, but Mellow is here to democratize that practice.

Curate all-star talent

Mellow enables companies to create and manage talent pools consisting of contingent workers, contractors, and freelancers from all over the world.

Global coverage

Mellow has offices in the United States (New York), the Netherlands, Cyprus, and Hong Kong.

Meet our team

Pavel Shynkarenko

Founder and CEO of Mellow

Pavel is a seasoned entrepreneur with over two decades of experience in financial and legal technology, specializing in client-contractor relationship automation.

Driven by his passion for law, Pavel established his first company in 2006. It focused on internet legislation, digital information regulation, and safeguarding companies' rights. Recognizing the growing need for payment solutions and administrative support in businesses engaging independent contractors, Pavel has launched Mellow.

Leveraging his expertise as an IT professional, Pavel excels in business process automation, strategic planning, and operations management. He frequently shares his insights at prestigious industry gatherings like the Web Summit, the Digital Marketing Conference in Cologne, and CeBIT in Hanover.
